

# Packaged Pumping Systems

Heat Transfer Modules • Steam PRV Stations • Hot & Chilled Water Pump Packages • Industrial Process Water Packages • Boiler & Domestic Hot Water Packages

Condensate Pumps & Return Systems • Boiler Feed Systems • Deaerators and Surge Tanks • Chemical Shot Feeders • Blow Down Separators • Flash Tanks

Fan Coil Units • Convectors • Unit Heaters

# System Accessories

Glycol/Makeup Water Feeders • Condensate Neutralization Tanks

Boiler Vents • Boiler Stacks

Flexible Connectors • Butterfly Valves • Y-Strainers • Check Valves • Expansion Joints • Wall Penetration Seals

Pete's Plugs • Test Kits

Heat Tracing Systems and Heat Trace Controls • Ice Melting Systems • Floor Warming Systems • Domestic Water Temperature Maintenance Cable

Panel System for Radiant Heating Systems

Inertia Bases • Isolation Hangers • Vibration Bases

Thermometers and Wells • Pressure Gauges and Gauge Accessories • Pressure and Temperature Plugs

*Makeup Water Assemblies • Multi-port Gauge Assemblies • Steam Drip Trap Assemblies • Backflow Preventers • Relief Valves • Steam PRV Stations and Control Valves • Steam Traps and Specialties*

# Engineering Services

Let our experience and expertise boost your design team's knowledge and productivity.

- Specification Design Review and Equipment Application Assistance
- Accredited Technical Training and Lunch and Learns
- Product Demonstrations and Mobile Tours
- Factory Tours and Training

# Field Services

Factory-certified service technicians and experienced application engineers ensure quality installations for new and retrofit projects.

- Installation Review, Factory-Certified Start-up and Troubleshooting
- Preventive Boiler and Heater Maintenance
- Laser Pump Alignment
- On-Site and Factory Service Training
- Equipment Upgrades and Replacements

## Pumps and Pump Accessories

HVAC Pumps and Accessories • Air Controls • Circuit Setters • Heat Exchangers • Valves and Controls

Vertical Turbine Pumps

Sump & Effluent Pumps • Grinder Pumps • Sewage Ejectors • Basins, Controls & Accessories

Condensate Pumps & Return Systems • Boiler Feed Systems • Deaerators and Surge Tanks • Chemical Shot Feeders • Blow Down Separators • Flash Tanks

Condensate and Boiler Feed Pumps • End Suction Pumps • Sumps and Wastewater Pumps • Double Suction Split Case Pumps

## Boilers and Water Heaters

Condensing Gas Boilers • Condensing Gas Water Heaters • Steam-Fired Water Heaters • Water-to-Water Heaters

Gas, Oil and Dual Fuel Water Heaters • Solar and Geothermal Water Heaters • Electric and Indirect Water Heaters • Hot Water Storage Tanks

Fuel-Fired Vertical Tubeless Steam Boilers • Fuel-Fired Horizontal Firetube Steam and Hot Water Boilers • Electric Steam Boilers • Steam Room Boilers

Steam and Hot Water Boilers • Dual-Fuel Boilers • Outdoor Boilers • Thermal Fluid Heaters

Gas-Fired Hot Water Boilers • Gas-Fired Water Heaters • Commercial Pool Heaters

Hot Water Storage Heaters • Indirect Water Heaters • Steam Generators

Commercial and Industrial Boiler Burners • Gas/Oil/Dual Fuel Modulating Burners

Commercial & Industrial Steam and Hot Water Boilers • Watertube • Firetube

## Terminal Units

Fan Coil Units • Convectors • Unit Heaters

Active and Passive Chilled Beams

EnviroAir Ductless Split Systems • Air Conditioners and Heat Pumps • RetroAire Terminal PTAC Air Conditioners

Hydronic Geothermal Heat Pumps • Single and Two-Stage Configurations

Cabinet Unit Heaters • Convectors • Horizontal and Vertical Units

## Infrared Heating and Air Curtains

Infrared Tube Heaters • High Intensity Heaters • Outdoor Patio Heaters • Air Curtains

## Humidification

Steam Injection Humidifiers • Electric Humidifiers • Clean Steam Humidifiers • Gas-Fired Humidifiers

## Cooling Towers

Corrosion-Resistant All-Fiberglass Cooling Towers • Closed-Circuit Fluid Cooling Towers • Sand Filter Systems • Low Noise Cooling Towers

Modular Cooling Tower System

Packaged Control Panels

## Balancing and Control Valves

Automatic Flow Control Valves • Coil Piping Kits • Manual Balance Valves • PIC Valves

Mixing Valves • Alarms/Monitors

Tempering Valves • Boiler Controls

## Heat Exchangers, Tanks and Separators

Plate and Frame Heat Exchangers

ASME Code Pressure Vessels • Steel Tanks

Storage Tanks

Hot Water Storage Tanks • Blow-Down and Flash Tanks • Buffer and Double Wall Tanks

Expansion Tanks • High Efficiency Air & Dirt Separators • Buffer Tanks • Multi-Purpose Tanks

## Water Filtration

MagnaClean Piping System Filtration

Centrifugal Separators • Sand Filter Systems • Packaged Tower Treatment Systems

4900/5900 High Efficiency Air/Dirt Separators

Point-of-Use and Building Point-of-Entry Water Filtration & Purification • Legionella Treatment • Removal Solutions

## VFDs and Starters

Combination Motor Starters • VFDs • HVAC Control Panels

VFDs • Starters

## Gas-Fired VRF

VRF Systems

**24/7 Emergency Parts and Service: (800) 842-3328**

### HTS Office Locations
